

Terms and conditions

Upon receipt of your goods please ensure that they are as ordered and suitable for your requirements. Products can be returned to us for a refund within 30 days, providing that they are unused and returned in the delivery packaging. Any return costs in this instance will be the responsibility of the customer. Goods returned after this date will be accepted at our discretion and subject to a handling charge of 15%.

We cannot accept liability for items not delivered on time by our couriers and would recommend that you do not engage mechanics or fitment specialists until you are in possession of the goods.

We shall not be liable for any consequential loss to the customer whether this arises from a breach of contract or in any other way. Our total liability for any claim shall not exceed the purchase price of the goods supplied to you as the customer.

Returns of exchange units are carriage paid and must be available for collection in the delivery packaging. Failure to return exchange units within 30 days following delivery is a breach of contract and will result in the withdrawal of warranty. Faulty goods must be made available for collection by our couriers and returned for assessment and testing before any refund can be issued.

Title of the goods will pass to the customer on full payment of the purchase price. Risk will be carried by us until such time as the goods are delivered to the customer
